Mr. Cunningham

Will be a [REDACTED] Thursday p.m., Friday, and Saturday a.m. 25X1A
Meeting on Studies in Intelligence. Meeting with Deputy Directors on
Tuesday, 19 September at 2:30; will cover Senior Seminar, FAES, and
senior schools; outline the assistance he will want. (ATTN: [REDACTED])
Noted that Leadership Conference (LC) may come up at the meeting.
Papers on the subject have been returned by Mr. Colby; one main dif- 25X1A
ference is that is that WEColby would like each conference to involve
senior people from a single component, e.g., WH and FE: LC still has
some work to be done on it. Thinking of long weekend at [REDACTED]
Mr. Colby may lead it off.

25X1A

25X1A

Reference the BOC: Wants to discuss the matter of requirements
for the course. [REDACTED] to prepare a chronology
of everything that has affected final registration for the course. To be
given to [REDACTED] no latter than Monday for his Tuesday meeting with
the DD/S.

25X1A

Reference the OFC: OTR may have to go back to a course like this
since it appears that CTs need the familiarization of the CS before going
on interim assignments. DTR wishes the course to be kept strictly a
familiarization one for every professional, regardless of where he is
assigned in the outfit. A two-week course may suffice.

[REDACTED]

25X1A

Reference the assignment of CS officers: OTR expects to be able to
draw from the entire reservoir, not just to choose from what officers are
left after CS choices are made.

Attended the DD/P's meeting on Wednesday, 13 September. DD/P on
leave until 21 September; ADD/P chaired the meeting. Henry Kissinger
to address the 25th Meeting in the Auditorium. [REDACTED] briefed
the group on the work of two congressional staff members in checking on
the charges by McCoy of the Agency's involvement in heroin. Conclusion

McCoy's book is a distortion; the study is being published but before publication the Agency will have a chance to review, with the option of desensitizing the material. The Inspector General sent two officers out to the Far East to check on the heroin charges. Same conclusion as the congressional staff members: a distortion.

Discussion on the leaks within the intelligence community.

Reminded those present that an OTR course may only be canceled after DTR or DDTR's approval is given. Request must be in writing.
